

CIRCUIT MISSION ENABLER

We are seeking a Circuit Mission Enabler, to work closely with our different church communities to promote, encourage, and enable effective mission and evangelism and to identify and deliver outreach activities on behalf of the churches and the Circuit.

Settle Methodist Circuit is a lively, faith-centred community of six churches situated on the edge of the Yorkshire Dales National Park. The successful candidate will take the initiative on leading and developing discipleship opportunities for a wide range of people, particularly focussed on children and families, working in partnership with the Superintendent Minister and lay volunteers. They will seek to build life enhancing relationships with our local town and village communities through listening, acts of loving service and opportunities to experience Christian fellowship and community. For those who wish, and are appropriately qualified, this may involve the leading of worship.

We are looking for an organised, enthusiastic and committed individual, with a heart for mission and for reaching communities with the good news of the Gospel. This is an exciting role with the opportunity to develop new ideas and initiatives and shape the mission work of the churches in our community.

We offer a friendly, supportive team environment in a circuit that is seeking to fulfil our purpose of transforming the lives, communities and towns of the Settle Circuit and beyond.

A satisfactory enhanced disclosure from the Disclosure and Barring Service will be required.

An occupational requirement exists for the postholder to be a practising Christian.
